Asbestos Analysts Registry

September 17, 2013

Forbes Testing Labs
Stephen W. Niec
563 Center Street, Suite 201
Ludlow, MA 01056

Organization ID: **200242**

Dear Mr. Niec:

CONGRATULATIONS! Effective September 4, 2013, your organization's application for the Asbestos Analysts Registry (AAR) has been approved by the AIHA Registry Programs®. Your organization is now listed as a Registered Organization in the AAR program on the AIHA Registry Programs' website (www.aiharegistries.org).

Your analysts, pending approval of their analyst applications, are now eligible to become Registered Analysts so long as they have successfully participated in two (2) consecutive rounds of Asbestos Analysts Testing (AAT), with two (2) or fewer outliers. Please note an analyst who has already met the above criteria and who has never received Registered Analyst status will receive notification of registration after the next ballot. If an analyst has previously achieved Registered Analyst status and has met the above criteria, their registration has been reinstated and he/she will be added to the analyst web list with the next update; new registration letters will not be sent to analysts who have previously achieved Registered Analyst status. We will track the analyst's performance and notify your organization once he/she has gained or lost Registered Analyst status.

To maintain your organization's AAR Registered Organization status, your organization will be required to participate in a Triennial Application Update once every three years, AAR Policy, Article IV, Section 4.6.3. You will be notified forty (40) business days prior to the due date of your triennial application in **2016**.

If you have any questions, please do not hesitate to contact me at (703) 846-0798 or cdezio@aiha.org.

Sincerely,

Carter Dezio
Program Specialist, AIHA Registry Programs
